

MAINTENANCE MENU SUPPLEMENT BRITISH COLUMBIA

As most of the windows included in this section are basic lists, we have only included screen shots of the one basic list window and any windows with different features.

These instructions show you how to alter the provincial lists. From time to time your province will add or change a code and this allows you to make the changes in your copy of the software.

BC.20.100.10 Response Types

BC.20.100.20 Complex

BC.20.100.30 Property Type

BC.20.100.40 Property Management

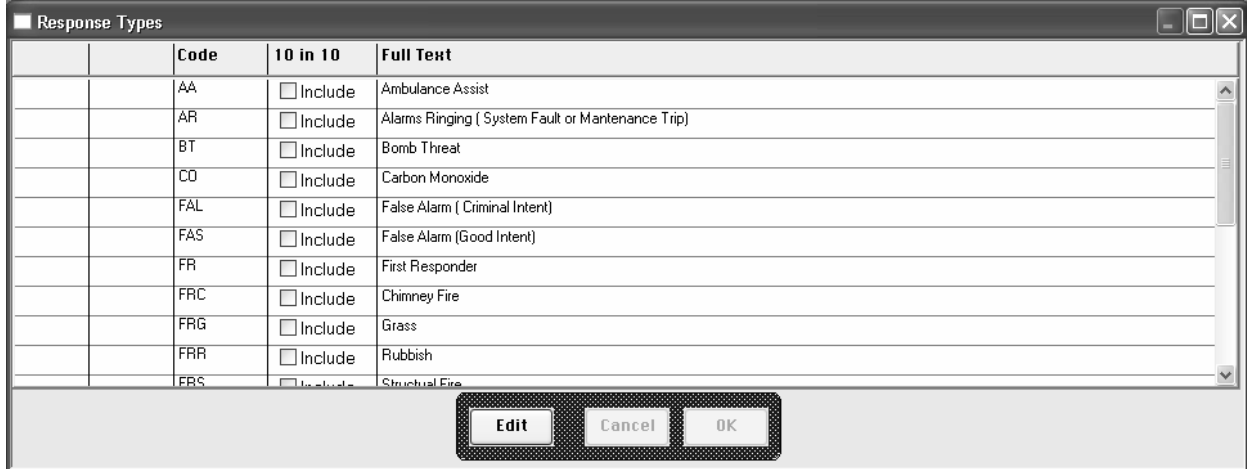

BC.20.100.50 Construction Information

-  BC.20.100.60 Fire Suppression
-  BC.20.100.70 Date of Last Inspection
-  BC.20.100.80 Fire Details
-  BC.20.100.90 Medical Lists
-  BC.20.100.100 Names Report List
-  BC.20.100.110 Import List of Cities for Names Report
-  BC.20.100.120 Fire Service Types

Maintenance → Edit Pop-up Lists → Incident Report Provincial Lists → Response Types

Function: Add or edit the Response Types used for Incidents.
