

FP2 - TIP 'O THE WEEK

MEDICAL REPORTS CUSTOM FIELD

Medical Reports Custom Field

There is a customizable field on the Medical Report window that you can also use to search for medical records in FirePro 2.

This field is only visible if you name it first.

To name the field, go to: Custom Settings → Incidents → Medical

There you will see a Searchable Field Title – Create a title for this field to suit your department's purposes.

Custom Settings

Smoke Alarm | Hydrant | Daily Log | Standby | Daily Personnel | Messages | Other

Properties | Inspections | **Incidents** | Fire Fighters | Meeting/Training | Accounting | 06 | Inventory

General | Format Fields | Time Fields | Custom Fields | **Medical** | FireFighters | Benchmarks

Level of Consciousness Title: Level of Consciousness

Medical Card * Title: Medical Card #

Patients Physician Title: Patients Physician

SIN * Title: SIN #

Responders Name Title: Responders Name

Chief Complaint Title: Chief Complaint

Additional Treatment Title: Additional Treatment & Comments

Searchable Field Title: Report #

Buttons: Edit, OK, Cancel

In our example we have used "Report #", but you can use whatever you wish.

One way to search is by clicking the "Find" button on the medical report window and entering your criteria, then clicking "OK".

Medical Report 07-001 on JUL 10 07

Patient Name: Johnny Patrick
Address: 444 Davies Street

You may also use the FirePro 2 menu to search for medical reports using this field. Go to: FirePro 2 → Find Incident Report → Medical Report by Report # (or whatever you have named this field).

Enter your criteria, and click "OK".

Quote of the week:

"The Eskimo has fifty-two names for snow because it is important to them; there ought to be as many for love."

Margaret Atwood
